- Thursday, April 30, 2020
- Friday- See the assignment posted separately that is specifically for **May 1st**. Friday's class will work on this assignment next Friday, May 8th. Remember, we did not have school on Friday, April 10th.

LEARNING OBJECTIVES:

- ☒ Use the **ILLUSTRATIONS** in a book to help identify the Main Character, the Setting and elements of Plot in a story
- ☒ Develop active listening skills as a story is read aloud using technology
- ☒ Identify and apply **DIGITAL CITIZENSHIP & INTERNET SAFETY** Skills:
 - 🖱 Get permission from a trusted adult to use a digital device and use it with adult supervision
 - 🖱 Never talk to strangers online
 - 🖱 Never meet anyone you may know from the internet in real life
 - 🖱 Never share your private information online (name, address, age, school, etc.)
 - 🖱 Always get permission from a trusted adult to share a photograph online
- ☒ Demonstrate developmentally appropriate navigation skills in virtual environments
- ☒ Decipher what an **OPINION** is and give your opinion of this story

LESSON MATERIALS:

- 🖱 A parent/guardian to guide student through joining the online learning platform, **EdPuzzle**, and to help with reading parts of the lesson (*Note that the story is read aloud and is posted as a video within EdPuzzle. The video will stop when a question needs to be answered. I have built the questions right in the assignment.*)
- 🖱 This **Lesson Directions Page** (virtual PDF or photocopied PDF)
- 🖱 The **Directions to Access & Join the correct EdPuzzle Class**, which is needed to access the posted assignment (see page 2 & 3 of this PDF)
- 🖱 A Digital Device (Smart Cell Phone with web browser App, iPad/Tablet with web browser App, Chromebook, or Laptop/Desktop Computer (with web browser installed))

Lesson Directions:

- 🖱 **Watch the Quick Tutorial Video** that I have created to demonstrate how to access EdPuzzle, how to create a new account for your student, how to access this week's assignment, and how to navigate Edpuzzle. I think you will agree that it is really simple to use once you watch this "How To" video. Note that the lesson in this example is different than the real lesson.
