

Name: _____ Teacher: _____ Grade: _____

Mouserobics!

What do you know about how your Computer mouse works?

Directions: Type your name (first and last), your teacher's name, and your grade in the boxes above. After you have completed the online interactive mouse tutorial at the following web address, complete the sentences below.

Important: Make sure **ONLY USE YOUR MOUSE** to fill in the answers. You will need to select the correct answer with you mouse (hold the left mouse button down and drag the cursor across the word), then right click to view a popup box, left click to select COPY. Left click your mouse in the answer box, right click to view a popup menu, and select PASTE with your left mouse button.

Word Box:

OK shift drop-down scroll pointing finger edit

1. If you see a word in blue-type with a line under it, move the mouse until it is on top of the word. When you see the _____, left click the mouse button.
